

Program: Lace Basics

Instructor: Cynthia W.

In April, we will be playing with lace. Please bring your choice lace garments to the April meeting – shawls, shawlettes, scarves, tops, dresses, etc. Many of our members are very accomplished in lace knitting, and we'd all love to see some of your lace work and hear your comments. For starters, Cynthia will present some basic information about different types of lace knitting. Then she will distribute a few simple lace patterns for some hands-on work at the meeting.

Homework: None

Materials: Please bring some worsted weight yarn (if you are a beginner in lace knitting) or lighter weight yarn (if you are experienced) and appropriately sized needles for the yarn of your choice.
