

Program: The Tools We Love (And the Ones We Hate)

Instructor: Karen F.

What is your favorite “yarny” gadget? Or your least favorite? Something you have re-purposed to help with your knitting or crochet? A device you want to warn us not to waste our money on?

Karen will show her collection of common and uncommon devices. There's likely to be something that is new to you.

No homework

Bring your own favorite and/or least favorite “yarny” gadgets to share with the group.
